WORK SAMPLES

At WWE's UpUpDownDown, I have cut episodes, promos, and social clips for our YouTube Shows.

Here are some of my favorite promo material:

Since I also cut every social clip for UpUpDownDown, a great way to see my work is to look at their social media accounts. Below is a link to UpUpDownDown's Instagram as well as links to some of my favorite recent clips. These posts are also featured on their Facebook and Twitter accounts.
